INTEGRA TELECOM HOLDINGS, INC.
2007 STATEMENT OF COMPLIANCE

The operating procedures of Integra Telecom Holdings, Inc. and its subsidiaries¹ (together "Integra") ensure compliance with the FCC's CPNI Rules. Such procedures are as follows:

Use of CPNI in Marketing

Integra makes limited, one-time use of CPNI to market our communication-related services only in compliance with FCC Rule 64.2008.

Before soliciting customer consent for the use of CPNI to market the Company's communication-related services, Integra gives each customer notice of his or her right to restrict use and disclosure of, and access to, his or her CPNI, in compliance with FCC Rule 64.2008. The Company maintains a record of these notifications for at least one year.

The Company has implemented processes through which the status of a customer's CPNI approval can be clearly established prior to the use of CPNI.

On occasion the Company may access and use its customers' CPNI to market its own communication-related services only after the customers' Opt-Out consent has been obtained in compliance with FCC Rule 64.2008, and which consent has not been revoked by the customer. Every two years the Company provides notice of customers' rights to restrict use and disclosure of, and access to, their CPNI, in compliance with FCC Rule 64.2008, and solicits Opt Out consent for the use of the customer CPNI, in compliance with FCC Rule 64.2008.

Integra has a supervisory review process regarding our compliance with the FCC's CPNI rules for any outbound marketing efforts.

CPNI Safeguards

Integra has designated a compliance officer to oversee the maintenance and security of the Company's CPNI records and the direction of the training of all company employees.

Integra trains its personnel as to when they are, and are not, authorized to use or disclose CPNI, and the Company has an express disciplinary process in place if the rules are violated.

The Company authenticates the identity of a customer prior to disclosing CPNI based on a customer-initiated telephone contact, online account access, or in-store visit.

¹ Integra Telecom of Minnesota, Inc., Integra Telecom of North Dakota, Inc., Integra Telecom of Oregon, Inc., Integra Telecom of Utah, Integra Telecom of Washington, Inc., Electric Light, LLC, Scott-Rice Telephone Company, Advanced TelCom, Inc., Eschelon Telecom of Arizona, Inc., Eschelon Telecom of Colorado, Inc., Eschelon Telecom of Minnesota, Inc., Eschelon Telecom of Nevada, Inc., Eschelon Telecom of Oregon, Inc., Eschelon Telecom of Utah, Inc. and Eschelon Telecom of Washington, Inc., Mountain Telecommunications of Arizona, Inc., OneEighty Communications, Inc. and Oregon Telecom, Inc., United Communications, Inc.

The Company discloses call detail information (CDI) in a customer-initiated call only: after the customer provides a pre-established password; or, at the customer's request, by sending the CDI to the customer's address of record; or by calling back the customer at his or her telephone number of record.

The Company discloses CPNI to a customer in person at its local market offices only when the customer presents a valid photo ID and the ID matches the name on the account.

The Company establishes passwords with customers in order to authenticate customers. Neither passwords nor the backup method for authentication rely on customers' readily available biographical information.

The Company has established password protection for customers' online accounts.

The Company notifies a customer immediately of changes in: a customer's password, a customer's response to back-up means of authentication, online account, or address of record.

CPNI Recordkeeping and Reporting

Integra maintains records of its own and its affiliates' sales and marketing campaigns that use customer CPNI. The Company maintains these records for at least one year.

Integra is prepared to provide the FCC with written notice, within five business days of any instance where the "opt out" mechanisms do not work properly.

The Company is prepared to notify the U.S. Secret Service and FBI within seven business days after the occurrence of an intentional, unauthorized (or exceeding authorization), access to, use of, or disclosure of CPNI. The Company may also notify the customer of such breach, after consulting with the investigatory agency(ies), if it believes there is an extraordinarily urgent need to notify a customer (or class of customers) in order to avoid immediate or irreparable harm. Integra will notify the customer of the breach after 7 business days following notification to the FBI and Secret Service, if such agencies have not requested that the Company postpone disclosure to the customer.

Integra will maintain records of any discovered breaches, notices to the Secret Service and FBI, and their responses, for at least two years.
